“
**best decision
we've ever
made**

Veils and Tails were absolutely wonderful! We knew we couldn't get married without our dogs being a special part of our day, and Veils & Tails were the perfect fit for us.

Kelpies are high energy dogs, however this was no problem for Talia. She had a second handler so together they were able to make sure Jake & Aria were looked after 1 on 1. The dogs were perfectly behaved throughout the ceremony and everyone loved them, they were such a highlight of the day!

With such a busy day we had absolute comfort knowing they were well looked after which was one less stress to worry about!

Thank you so much Veils & Tails!!

“ an amazing experience

We had an amazing experience with Veils & Tails. It was really important for us to be able to have our fur-baby there with us on our wedding day.

From our first interactions communication was easy, Talia & Mitch even travelled all the way to our place on the other side of town to meet Macey, which was super helpful for me. Seeing them interact I had no doubt that Macey was in safe hands.

On the day, Macey was settled for the duration of the ceremony despite the 150 guests and I give all the credit to Talia for this!

Would I recommend to anyone who is looking for dog sitters on their wedding day.

Talia was a blessing. Kept both my husband and I calm seeing our little man Dex so happy throughout the ceremony and photos, he LOVED her, really has such a way with animals, thanks for everything girlfriend. xxx

REBEKAH & BILLY | DEXTER

Highlight of our wedding was having Deefa and it just wouldn't of been possible without Veils & Tails. They went above and beyond with so many things! It's so wonderful knowing you have someone you can trust with your pet on what is a whirlwind of a day! Thanks for making Deef (and us) less anxious

KATE & ALEX | DEEFA

I can't fault our experience with Veils & Tails. From our initial chat we knew our fur baby was in great hands. Having our dog for our wedding photos made our day and Talia had an amazing knack for getting him to pose
